

The background of the slide is a photograph of a large industrial factory interior. It features a complex network of steel beams, pipes, and machinery. In the foreground, there's a long, low-profile industrial vehicle or conveyor system. The lighting is bright, with a strong light source on the right side creating a lens flare effect. An orange rectangular box is overlaid on the left side of the image, containing white text.

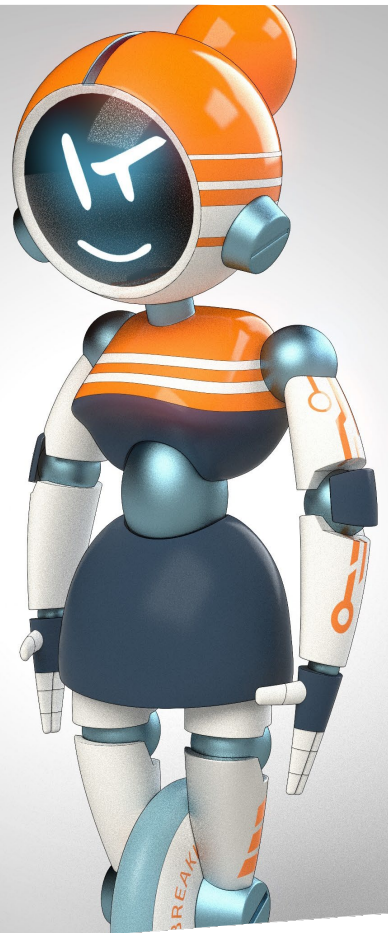

De route naar soepel wijzigingsbeheer
